- Fixed installation kit

### SIMILAR MODELS

- E9641 bain marie

### INSTALLATION NOTE

Adequate ventilation must be provided to supply sufficient fresh air for combustion and to allow easy removal of any such products that may present a risk to health. Please consult current legislation for details that relate to specific locations.

Install unit on a level, fireproof surface in a well-lit, draught free position. If floor is made of a combustible material, local fire requirements must be checked to ensure compliance.

A clearance of 150mm should be observed between appliance and any combustible wall.

## DIMENSIONS MEASUREMENTS IN MM

Unit is the same hob height on feet and castors
