- Front hob rail
- Rear blanking plate
- Vented front kick strip
- Side hob extension
- Side kick strips RH/LH
- Castors

Similar Models

- G9781-100
- E9781-100
- E9781-150

SHORT FORM SPECIFICATION

With a capacity of 150 litres, the G9781 boiling pan is ideal for bulk production kitchens such as hospitals, prisons and service stations. The unit features an integrated water faucet and drain for ease of cleaning, a dual pan which protects the food from fierce direct heat, and a counter-balanced lid to enable incremental opening, allowing heat to be retained when monitoring cooking progress. The pan is manufactured in square casing to enable it to be suited with other models in the F900 range via the patented Dynamic Link System (DLS)

The unit is supplied on adjustable feet, with optional castors available

INSTALLATION NOTE

Please consult local legislation with regard to installation of cooking equipment.
